CONCLUSION:

The above data showed the CIDG's success in the implementation of the different flagship projects which this Group was primarily tasked to implement. A significant number of arrest of members of OCGs/CGs was recorded in our pursuit to crackdown the proliferating criminal gangs and crime groups whose nefarious activities are very detrimental to our economy.

Likewise, we intensified our efforts to run against the perpetrators of child abuse, prostitution, smut and pornography and this results in the rescue of several minors and women employed in prostitution dens, confiscation of pornographic dvds/vcds and other pornographic materials, and arrest of owners/operators of these establishments.

A number of illegal recruiters were put behind bars because of our intense campaign against Illegal Recruitment and Trafficking of Migrant Workers which has victimized so many innocent individuals. Also, we continue to intensify our operations against illegal drugs and other crimes under the RPC, and has filed cases against the arrested suspects.

In totality, the accomplishments of this Group for this quarter has well justified our resources and expenditures.
